

## TRANSCRIPT

My name is Meghan and I am twenty years old. I have one sister who is eighteen and I live in Wales. I live with my mum and my sister in a house close to the sea. In my house, we have a big garden for our dog who is called Willow. I also have two birds and they are called Kiki and Patrick. I like to walk my dog on the beach because she likes playing in the sea. I also enjoy swimming, but not in the sea because it is too cold!

In Wales, there are lots of celebrations but the most famous celebration is called 'St David's Day' on March 1st. There are lots of parties and everyone has lots of fun.
